Great Opportunity, one parking space !! Located just a few blocks from the beach. One spacious masterbedroom, one bathroom in Miami Beach. Freshly painted and well kept unit. large living area with open kitchen. The apartment is an end unit with plenty of windows and assigned parking right next to the unit. The temperature in the apartment is uncharacteristically pleasant due to the fact that the unit above extends out further providing some shade from the hot sun. EZ to show !! It wont last !!
